

Supported browsers

You can log into the Internet banking service regardless the computer system you are using. To connect to the Internet, you can use a PC, a computer with the Linux system or a Macintosh computer. If you wish to use the newest Internet banking functions, you will need one of the following fully supported browsers:

- Google Chrome
- Firefox 3.0+
- Internet Explorer 6.0+
- Safari 3.0+
- Java JRE 5.0+

Regardless the type of browser, you must allow cookie files in order to use Internet banking services. If the browser enables it, also allow JavaScript language.
